1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section <u>must</u> be completed. Attach additional information if necessary.)

We are customers of TCWS who has requested another rate increase.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

TCWS was granted an increase in 2010 that should have provided the necessary funding to offset the cost of repairs and rising costs of doing business as cited by the company. The previous 18% increase was added to already extraordinarily high rates.

The company could have circumvented the need for the extreme and excessive proposed rate hike had regular and routine maintenance been performed and long range capital improvements had been programmed properly. The bottom line is the proposed rate hike is not reasonable and will create a huge burden for the residents of Tega Cay. We hope that the Commissioners will reject the proposed increase and understand the residents cannot afford such an increase.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? st

I will be unable to attend a hearing but do hope that the Commissioners will consider the input from the residents of the city of Tega Cay.
